General / Introduction

Based on Article 13 of the Swiss Federal Constitution and the data protection provisions of the Swiss Confederation (Data Protection Act, DSG), every person has the right to protection of their privacy as well as protection against misuse of their personal data. The operators of these pages take the protection of your personal data very seriously. We treat your personal data confidentially and in accordance with the legal data protection regulations as well as this privacy policy.

In cooperation with our hosting providers, we make every effort to protect the databases as well as possible against unauthorized access, loss, misuse or falsification.

We would like to point out that data transmission on the Internet (e.g. communication by e-mail) can have security gaps. A complete protection of data against access by third parties is not possible.

By using this website, you consent to the collection, processing and use of data in accordance with the following description. This website can generally be visited without registration. Data such as pages accessed or names of files accessed, date and time are stored on the server for statistical purposes without this data being directly related to your person. Personal data, in particular name, address or e-mail address are collected as far as possible on a voluntary basis. Without your consent, the data will not be passed on to third parties.

With SSL/TLS encryption

This website uses SSL/TLS encryption for security reasons and to protect the transmission of confidential content, such as requests that you send to us as the site operator. You can recognize an encrypted connection by the fact that the address line of the browser changes from "http://" to "https://" and by the lock symbol in your browser line.

If SSL or TLS encryption is activated, the data you transmit to us cannot be read by third parties.

Without SSL/TLS encryption

Please note that data transmitted over an open network such as the Internet or an e-mail service without SSL encryption can be viewed by anyone. You can recognize an unencrypted connection by the fact that the address line of the browser shows "http://" and no lock symbol is displayed in your browser line. Information transmitted over the Internet and content received online may be transmitted over third-party networks. We cannot guarantee the confidentiality of any communications or materials transmitted over such open or third-party networks.

If you disclose personally identifiable information over an open network or third-party networks, you should be aware that your information may be lost or potentially accessed by third parties and, as a result, the information may be collected and used without your consent. While in many cases the individual data packets are transmitted in

encrypted form, the names of the sender and recipient are not. Even if the sender and the recipient reside in the same country, the data transfer via such networks often takes place without controls even via third countries, i.e. also via countries that do not offer the same level of data protection as your country of domicile. We assume no responsibility for the security of your data during transmission over the Internet and disclaim any liability for direct or indirect losses. We ask you to use other means of communication should you consider this necessary or reasonable for security reasons.

Despite extensive technical and organizational security precautions, it is possible that data may be lost or intercepted and/or manipulated by unauthorized persons. As far as possible, we take appropriate technical and organizational security measures to prevent this within our system. However, your computer is outside the security perimeter under our control. It is your responsibility as a user to inform yourself about the necessary security precautions and to take appropriate measures in this regard. As the website operator, we are in no way liable for any damage that you may suffer as a result of data loss or manipulation.

Data that you enter in online forms may be passed on to authorized third parties for the purpose of order processing and may be viewed and possibly processed by them.

The personal data have been collected or otherwise processed for such purposes for which they are no longer necessary.

The data subject revokes the consent on which the processing was based and there is no other legal basis for the processing

The data subject objects to the processing on grounds relating to his or her particular situation and there are no overriding legitimate grounds for the processing, or the data subject objects to the processing in the case of direct marketing and related profiling

The accuracy of the personal data is contested by the data subject, for a period enabling the controller to verify the accuracy of the personal data

The processing is unlawful, the data subject objects to the erasure of the personal data and requests instead the restriction of the use of the personal data

The controller no longer needs the personal data for the purposes of the processing, but the data subject needs it for the assertion, exercise or defense of legal claims

The data subject has objected to the processing on grounds relating to his or her particular situation, and it is not yet clear whether the legitimate interests of the controller override those of the data subject

If one of the aforementioned conditions is met, you can request the restriction of personal data stored by the operator of this website at any time by contacting our data protection officer. The data protection officer of this website will arrange the restriction of the processing.

Right to data portability

Every person affected by the processing of personal data has the right to receive the personal data concerning him or her in a structured, common and machine-readable format. He or she also has the right to have this data transferred to another controller if the legal requirements are met.

Furthermore, the data subject has the right to obtain that the personal data be transferred directly from one controller to another controller, insofar as this is technically feasible and insofar as this does not adversely affect the rights and freedoms of other persons.

To assert the right to data portability, you may at any time contact the data protection officer appointed by the operator of this website.

Right of objection

Any person affected by the processing of personal data has the right to object at any time, on grounds relating to his or her particular situation, to the processing of personal data concerning him or her.

The operator of this website shall no longer process the personal data in the event of the objection, unless we can demonstrate compelling legitimate grounds for the processing which override the interests, rights and freedoms of the data subject, or if the processing serves the purpose of asserting, exercising or defending legal claims.

To exercise the right to object, you may directly contact the Data Protection Officer of this website.

Right to revoke consent granted under data protection law

Every person affected by the processing of personal data has the right to revoke a given consent to the processing of

personal data at any time.

If you wish to exercise your right to revoke consent, you may contact our data protection officer at any time.

The use of contact data published within the framework of the imprint obligation to send advertising and information materials not expressly requested is hereby prohibited. The operators of the pages expressly reserve the right to take legal action in the event of the unsolicited sending of advertising information, such as spam e-mails.

For the reproduction of all files, the written consent of the copyright holder must be obtained in advance.

Anyone who commits a copyright infringement without the consent of the respective copyright holder may be liable to prosecution and possibly to damages.
